WHEREAS, the Platte County Fire Warden has recommended on this day a partial closure of all private lands within unincorporated areas of Platte County, Wyoming, to the use of open fires and incendiary devices, for an indefinite period; and

Any request for limited burning will be denied by the department chief and fire warden if the National Weather Service has forecast a fire weather watch or temperatures exceeding 80°F and below 20% humidity for a 72-hour period following the burn date.
