

County Road Classification

January 21, 2009

NOTE: This list is based upon roads for which the county has erected road name signs in the past, and for which we endeavor to keep signs in stock. This is not meant to be a complete list of every road in the county, including state highways, subdivision roads and private roads. Any road not on this categorized list should be considered as a NON-COUNTY road. On multi-category roads, numbers are Mile Posts.

<u>Road Name</u>	<u>Category</u>	<u>Remarks</u>
